Installing VelociDrone and Downloading the Recruitment Track

- **To install VelociDrone go to the following link:**
  - **https://www.youtube.com/watch?v=iR86hFvre_A**
- **After successfully downloading VelociDrone software, open the app and navigate to the tab "Track Manager"**
- **Select the Download Track tab on the left side of the screen**
- **Enter the following Track Name:**
  - **USADT Recruitment**
- **Select the search icon** (magnifying glass to the right)
- **Download track**
  - A tab will appear stating the track has been downloaded successfully
  - Select the "Back" icon
  - One should visually see the track displayed in the tracks box
  - Do not select edit, rename, export track, or delete
  - Select the "Back" icon
  - Select "Single Player"
  - Choose your 5" quad then select "Continue"
  - Below the "Filters" Tab,
    - **Ensure "All Tracks" is selected**
    - **Uncheck all boxes below "Any Class" tab**
    - **In the search bar, type USADT Recruitment**
  - The track name should appear under the "Tracks" tab
  - Select "Fly" icon
- **Practice to secure your fastest time!**
